

VeChain

ICO Instructions

I.Important notice:

The Smart Contract of VeChain ICO uses the standard Cryptocurrency frame of ERC20. Please do not send ETH to our ICO Smart Contract address without confirming whether the third party wallet can operate our ERC20 Cryptocurrency or not. We strongly recommend that you participate in our ICO through your personal owned wallet, like ImToken, MyEtherWallet or other official Ethereum wallet.

Please do not directly send ETH through Exchange to VeChain Smart Contract. This action may cause losing ETH and not able to obtain corresponding VeChain Token $(\rm VEN\,)$.

II.ICO related information

Unless you have rich experience on ICO, otherwise please read this article carefully before send ETH to ICO Smart Contract address.

ICO Smart Contract address, please refer to VeChain's official website <u>http://www.vechain.com;</u>

As well as official channel of VeChain's public sales https://tokensale.vechain.com/

Important notice: Please check the Smart Contract address provided by official website before sending ETH. If the address was wrong, then ETH would not be able to take back.

The following steps of participating VeChain ICO:

Purchase ETH - - Set up the wallet - - Withdraw ETH at Exchange - - Deposit ETH into the Wallet - - Pay ETH through wallet

III. How to purchase ETH

VeChain ICO accepts ETH as the only Token can be exchanged to VeChain Token (VEN) . If you are not familiar with the process of purchasing ETH, the following information will help you to have a detail understanding of how to purchase ETH.

Purchase ETH online

Purchasing ETH online through Exchange. Taking the transaction of Okcoin Exchange as example, the process of other Exchange is similar: First step is to bind a bank card and deposit cash in it

<pre>®KCoir</pre>	CNY		Home	Avail. * 11 Net Asse Trade Charts	Account Security	Products 👻
Account	O Notice OKCoin	n to resume BTC deposits				Show All $ imes$
